JUNE 2026 EDITION

SUP JUNE!

June arrived in Lethbridge and brought some serious rain ...

The kind that makes you wonder if you should start rain dancing or maybe launch a canoe down your street. But between the downpours, the long daylight hours and the coulees bursting into that fresh June green are giving the city its summer glow. With festivals starting up, patios reopening, and the river valley calling everyone back outside, it's the perfect moment to reconnect with the outdoors and catch up with friends you haven't seen since winter tried to swallow us whole.

Hey P.S! Don't forget to follow us on Instagram for weekly challenges and events (especially Flippin' Fridays)

EVENTS

- June is PRIDE Month!
- June 8th: Level Up Lounge
- June 18th: Summer Kickoff BBQ
- June 19th: Indigenous Peoples Day
- June 24: Battle of the Agencies
- June 30th: Canada Day Celly

Find the hidden flamingos in this newsletter for a chance to WIN! Circle all 10 and return your submission to the main office. The first person to show their work will win a gift card to Sonder! Did you know Flamingos are Shelby's favourite?

CONGRATS TO AL CO! OUR JUNE EMPLOYEE OF THE MONTH

Congratulations to the man, the myth, the legend- Al Co! Al works diligently as a Team Leader to support the employees and is always willing to mentor new employees joining the Agency.

Tell us something interesting about yourself?

I graduated with a Bachelor of Science in Architecture and Studies in Environmental Science and Urban Planning for Zoning and Land Use. I have a license to practice as an ARCHITECT for 30 years with extensive experience in the construction industries (High-Rise Buildings, hospitals and executive housing projects). I have had consulting jobs in different countries. I can speak a few International languages and 10+ Philippine local dialects.

What's the best advice that you can give a newbie in the field?

As Employee we must follow the rules of the company, read the Policies and Procedures, familiarize with the protocols, consider always the Memo's, understand the jobs, listen, focus on your Job, be understanding and bear your patience, always.

What has been your most memorable moment at the company so far?

I have lots of good memorable moments at the company but most that I can consider is during outings and games together with employees and individuals.

Where in the world are you going to travel to next? We wanna know!

I love to travel with my family all over Canada.

CHECK OUT SOME PICS FROM OUR CDSP CELEBRATION! WE HAD A BLAST!

Access to Dining! With Michael & Sean

Hope everyone was able to get out and enjoy some tacos for Cinco de Mayo! The group went to Cafe Verd, the Taco Festival and a few other places. We re-visited the Mediterranean Grill and Mazza Bar beside the old Paramount theater downtown. Michael enjoyed the fish and chips special and as you can tell by the picture, the one-piece meal has a very large portion. Staff was able to enjoy the chicken shwarma platter with rice, hummus, and greek salad. The food and service was excellent as ever. Hope everyone enjoyed the Taco in a bag at AIR and many thanks to the Quest management team for serving lunch.

SO, are you finding all the flamingos?

JUST A FEW IMPORTANT NOTES!

FROM THE QCCC

We're thrilled to announce the newly elected members of our Quest Community Connectedness Committee, and they're ready to bring their energy and creativity to our community. Amy Duffety, Tyler Kruchkywich, and Bimala Timsina.

Let's give a big cheer for our new committee! We can't wait to see the amazing things they'll accomplish together. Stay tuned for fun events and opportunities to get involved!

FROM THE LIVING DEPARTMENT

The warmer weather is here which means we are shifting gears when it comes to yard work. Time to get out the lawnmowers and sprinklers to get those lawns in tip top shape. Let's impress your neighbours by having the nicest lawn on the block. If you need additional supplies like weed killer, please check in with your team!

STAY ALERT FOR BED BUGS:

Please make sure you are checking mattresses regularly as we have seen a few cases of bedbugs within the Quest Community!
